

Be on the lookout for an email or text message welcoming you to our new surgical patient portal!

This portal will allow you to complete your pre-surgical questionnaire online instead of answering these questions over the phone. When you complete the online questionnaire, your responses will be reviewed by a nurse, who will contact you by phone if there are any additional questions.

You will also have access to your pre-surgical instructions and can access them at any time by clicking on the link in the email or text message.

Please contact the surgery center if you have any additional questions.
